- The security system you choose, whether wired or portable wireless, will be of premium quality and able to be monitored to the highest Australian standard.
- There are no lock-in monitoring contracts or hidden on-going costs.
- With Exceptional customer service and over 20 years industry experience, trust Security Heroes to deliver Peace of Mind, for you and your family.

TAILORED SECURITY SYSTEMS

We service, install and monitor all makes and models of alarms to suit your budget and lifestyle. Security Heroes will tailor a security system to your needs, our personal service starts with an **obligation-FREE on-site assessment** and continues long after installation to ensure **everything always works the way you expect.**

CCTV VIDEO SURVEILLANCE

Security Heroes can install Full HD CCTV including time stamped recording for searching and verification. With our motion activated, infrared cameras you can remotely monitor your home or premises any time, anywhere from your mobile device or PC.

MONITORING AND RESPONSE

Today's criminals know that alarm sirens shut down within 5 minutes, neighbours ignore sirens and Victoria Police don't even respond to them. With an alarm system monitored by Security Heroes, our trained operators will respond 24 hours a day, 365 days a year, they will quickly verify the alarm and act in accordance with your predetermined instructions.
